

Project Name

Harris County Pedestrian Tunnel and Jury Assembly

Completion Date

April 2006

Location

Harris County, Texas

Owner

Harris County, Pct. 1

Houston, Texas 77208-1429

Mr. Kenneth Calloway

713.991.6881

Construction / Entire Project Cost

\$10 - \$15 million dollars.

Firm's Responsibility

ECMS, Inc conducted and continues to perform categorical exclusion evaluation for those projects that meet the criteria enforced by the regulatory authorities i.e. (US ACOE, EPA, State and Local). We were involved with the preliminary engineering and design phase of this project.

The Harris Co. Pedestrian Tunnel and Jury Assembly Building are a part of the county judicial complex infrastructure. Those two projects required evaluation for categorical exclusion based on design of the pedestrian tunnel and the jury assembly building. Both projects are sub-surface construction where 95 to 100% of the facility is located below grade and would not include significant impacts to planned growth or land use for the area and do not have a significant impact on any natural, cultural, recreational, historical or other resource. The Jury Assembly Building is a sub-surface facility and has a ground level entrance and there is green space and a park on the street level above the entire project.
