

**Project Name**

Harris County Transportation Projects

**Completion Date**

July 2006

**Location**

Harris County, Texas

**Owner**

Harris County, Pct. 1

Houston, Texas 77208-1429

Mr. Kenneth Calloway

713.991.6881

**Construction / Entire Project Cost**

\$68,200,000.00

**Firm's Responsibility**

A consultant to nationally recognized engineer and design firms for various Harris County Road Projects such as; C.E. King Parkway, East Mt. Houston Rd., N. Wayside Extension and Tidwell Rd.

ECMS, Inc. participated in the Engineering and design phases for those projects. Our participation included, but not limited to the following tasks:

Environmental Assessments of several preliminary road right-of-way projections; Those projections required best selection based on field assessments conducted by ECMS.

Our environmental assessments included U.S. Army Corp of Engineer permit recommendations and evaluations. Also investigated wetlands determinations, evaluations and delineations. ECMS conducts a full investigation including historical and culture resource reviews, endangered species determination submissions and sub-surface investigations. (ESA Phase I) for feasibility studies of projected roadway alignments.
